

Roman Catholic Foundation of EASTERN MISSOURI

Quarterly Investment Report

Our Mission

*Inspiring giving and connecting donors to Catholic ministries,
sustaining the local Church for generations.*

Our Investment Philosophy

The Roman Catholic Foundation of Eastern Missouri offers world-class, Catholic-screened investment options to help donors achieve their charitable goals and to help Parishes, Schools, and Ministries of the Archdiocese of St. Louis meet their long-term financial needs.

We believe in responsible stewardship and seek a competitive financial return in a manner consistent with social teachings of the Catholic Church.

We invest in a well-diversified mix of risk-appropriate assets to achieve a rate of return that will support the Foundation's distribution rate schedule while protecting assets from inflation and market volatility. All investments are screened in accordance with the Socially Responsible Investment Guidelines set forth by the United States Conference of Catholic Bishops.

Market Commentary

It has been a challenging start to 2020 in financial markets, as the dual shocks posed by the COVID-19 pandemic and a dramatic collapse in oil prices following the breakdown of OPEC+ coordinated production cuts last month have likely thrown the global economy into recession. As much of the global economy faces a "sudden stop" as a result of the current health crisis, markets quickly moved toward pricing in recession risks, with the S&P 500 experiencing its fastest bear market in history from a recent all-time high. The index's 20% loss in 1Q20 marks the worst quarter for the index since 4Q08.

Catholic Screening Methodology

In addition to emphasis on competitive investment performance, Foundation assets are managed in accordance with the moral teaching guidelines of the Catholic Church set forth through the United States Conference of Catholic Bishops investment guidelines document. The management of the investment assets of the Foundation focuses on a profound respect for the dignity of the human person.

Portfolios are built and continuously screened to avoid investment in companies with violations of human life and dignity.
