

Roman Catholic Foundation of EASTERN MISSOURI

Quarterly Investment Report

Our Mission

*Inspiring giving and connecting donors to Catholic ministries,
sustaining the local Church for generations.*

Our Investment Philosophy

The Roman Catholic Foundation of Eastern Missouri offers world-class, Catholic-screened investment options to help donors achieve their charitable goals and to help Parishes, Schools, and Ministries of the Archdiocese of St. Louis meet their long-term financial needs.

We believe in responsible stewardship and seek a competitive financial return in a manner consistent with social teachings of the Catholic Church.

We invest in a well-diversified mix of risk-appropriate assets to achieve a rate of return that will support the Foundation's distribution rate schedule while protecting assets from inflation and market volatility. All investments are screened in accordance with the Socially Responsible Investment Guidelines set forth by the United States Conference of Catholic Bishops.

Market Commentary

During 3Q22, global inflationary pressures continued to flare, prompting central banks to respond by tightening monetary policy. After multiple years of lower-for-longer interest rates, this policy normalization led equities and bonds to new bear market lows by late September. The traditional 60% stock/40% bond portfolio fell 22.7% YTD, the worst nine month return in more than 50 years following over 10% annualized returns for the 40 years ended December 2021.

Even though corporate earnings showed limited evidence of margin and earnings pressures from higher input costs and slowing growth, equities extended their first-half losses, with the S&P 500 reaching 3,586 by September 30, down 23.9% since December 31, and down 25.6% from its January 3 peak. Meanwhile, US investment grade fixed income, represented by the Bloomberg US Aggregate Index, tracked toward its weakest performance since its 1976 inception, down 14.6% since the end of 2021.
